---

**The Coalition**

Founded in 1977, the New Hampshire Coalition Against Domestic & Sexual Violence is a voice for victims. We work with a statewide network of independent member programs committed to ending domestic violence, sexual assault, stalking and human trafficking. We seek to:

- Influence public policy on the local, state and national levels
- Ensure that quality services are provided to victims
- Promote the accountability of societal systems
- Work to prevent violence and abuse before they occur.

NHCADSV and its member programs provide free education in schools, training to professionals, and awareness in our communities. Contact your local crisis center or NHCADSV to find out more about our educational programs and outreach efforts.

NHCADSV's programs include, the AmeriCorps Victim Assistance Program, Trauma Informed Services, Prevention Programming, and the New Hampshire Sexual Assault Nurse Examiner (SANE) Program.

---

**NHCADSV and its 12 member programs do not discriminate based on gender, age, health status (including HIV-positive), physical, mental or emotional ability, sexual orientation, gender identity/expression, socioeconomic status, race, national origin, immigration status, or religious or political affiliation.**
Domestic Violence
Domestic violence is a pattern of coercive behavior used by one person to gain and maintain power and control over another in an intimate or familial relationship. It includes physical violence, sexual violence, verbal and emotional abuse. It can involve threats, pushing, punching, slapping, strangulation, sexual assault, stalking, put-downs, economic abuse, harming or threatening to harm children or pets, and other violent or intimidating behaviors.

Sexual Assault
Sexual assault is forced, manipulated, or coerced sexual activity. It is a crime in which the assailant uses sexual behavior to inflict humiliation on the victim, to exert power and control over the victim, or to use the victim to attain sexual gratification without regard for the victim’s consent. In over half of all reported rapes, the victim and rapist know each other. Child victims know their abuser in 80% of all cases.

Stalking
Stalking is a crime. It involves a pattern of behavior targeted at a specific person which would cause a person to fear for his or her personal safety or the safety of a member of that person’s immediate family. Many times victims of domestic violence are stalked by their abusers.

No More Excuses
Perpetrators make the choice to abuse. Nothing that victims do or say ever justifies domestic violence or sexual assault.

You Are Not Alone
If you are experiencing domestic or sexual abuse, whether the abuse is happening now or took place long ago, please know you are not alone. Free and confidential services are available 24 hours a day 365 days a year, and include:
- 24-hour support and information hotlines
- Emergency shelter
- Assistance in obtaining restraining orders
- Hospital, police, and court accompaniment for rape and assault survivors
- Information and referrals for legal and other assistance
- Support groups for victims

Help and Healing
It is important for victims to care for their physical and emotional well-being. Talking to someone trusted can help. It’s never too late to reach out for support. Specially trained advocates at NHCAVS’s member program crisis centers throughout the state are there to provide compassionate support and information.

The decision to come forward and report sexual assault or domestic violence, or leave an abuser is a personal one. Victims can make the decision that is right for them, and they have the right to change their minds. Advocates are there to support survivors, no matter what they decide.*

*Adults are required under law to report child abuse.

What You Can Do to Help
Help Someone You Know
If someone you know is being abused or has been sexually assaulted, listen, believe and show your support. Never blame them for what happened. Encourage them to seek help, give them information about services, and support them in whatever decision they make.

Volunteer
There is a constant need for volunteers and they are essential to Coalition groups in providing services to domestic violence and sexual assault survivors. Please contact your local crisis center for information.

Make a Donation
A financial contribution to the Coalition or its crisis center member programs will help ensure that services for domestic violence and sexual assault survivors in New Hampshire will continue. Other kinds of donations like gift cards are also welcome. Call your local crisis center to find out their most pressing needs.

Speak Out
Do not accept violence in the home, community, or workplace. Learn the facts about domestic violence and sexual assault and talk to your friends and co-workers. Let your state and federal legislators know that you support legislation that provides funding for domestic violence and sexual assault programs, and insures that victims are protected from abuse.
